Dear Colleagues,

Thank you for attending the Nine Days. All of us have been deeply involved in Minnesota State Bar Association activities over the years.

So has Minnesota Supreme Court Justice David Lillehaug. He founded a section, served on the governing council of another, received the MSBA's articles award, and now devotes considerable time to the high school mock trial program.

After a year of distinguished service on the Court, Justice Lillehaug must run for election. We volunteered to serve as honorary chairs and co-chairs of his committee because he is a person of intelligence and integrity. He is dedicated to deciding cases based on precedent and principle, not politics or personalities.

Justice Lillehaug came to the Court from a noteworthy career in private practice. He considers it his responsibility to listen to you and consider your thoughts as the Court adopts rules of procedure and declares rules of law.

As the November election approaches, please let your friends and neighbors know that they should vote to retain Justice David Lillehaug.

Yours truly,
